Accessing ACT using Multi-Factor Authentication Quick Start Guide (QSG)

Register device using the Army MobileConnect App

From your Mobile Device

Requires Android 10 / iOS 10 or newer.
1. Download the **"Army MobileConnect"** App.
2. Tap **"Register this Device."**

Mobile Connect

GET IT ON **Google Play**

Download on the **App Store**

TRADOC Mobile

From a Computer
3. Navigate to https://mobileconnect.us.army.mil.
4. Follow registration prompts (If this or another device is registered, you will have to remove the existing device from your account).

From your Mobile Device
*If you are using the App, you will not need to install a QR reader on mobile device. *
5. To Register the device, Tap **Scan QR Code**, scan the QR code from the website.
6. You will be prompted to **"Create a Pin."**
7. Additionally, allow **"Notifications & Location"** permissions.
8. To verify successful setup, Press **OK**. You will then see **"Registration Complete,"** then press **OK**.

Log in to ACT utilizing EAMS-A authentication

From your Mobile Device
9. Log in to ACT at https://actnow.army.mil or via the ACT QR code.
10. Read the EAMS-A User Agreement, press **OK**.
11. Login with your EAMS-A username and password.
*If the connection is not private. Press "Advanced," then click the link "Proceed to federation.eams.army.mil." *

12. Choose the Mobile Connect Tab on the EAMS-A page.
13. Once you receive Text for authentication request, enter PIN to access Mobile Connect App.
14. Tap **Approve** from the Army MobileConnect App.
15. You will be automatically redirected to the ACT site once Approved in Army MobileConnect App. If not automatically redirected, go back to ACT Homepage and Click **Login to ACT** to enter ACT site.

Helpful tip
*For easier future access to the ACT system, create a bookmark (iOS) or add it as a home screen app (Android). *
